

Please refer to MB Docket No. 04-233. The proposed Low Power FM stations you are considering to put into effect, would have a negative effect on Christian radio.

I listen to Christian radio on a daily basis and consider it to be a lifeline for me in my Christian walk. It is an encouragement to me and a stress reliever. I listen to K-LOVE on station 96.9, 104.3 and 102.3. Christian radio promotes positive morals, values and a commitment to Christ. I will pray that YOU make the right choice for the future of Christian radio. Thank you.
